OUR STORY

## WHAT MY CLIENTS ARE SAYING

*"Trina!" That's what someone said fourteen years ago when I asked her why their hair looked so fabulous. I asked for Trina's info and have been a huge fan ever since. She always takes time before cuts to talk to me about what I want and what it will look like on me. Over time my hair has changed styles a bunch of times but she always does an awesome job. If I ever need to change something, she's always there completely open and honest. Whenever people compliment me on my hair I say "It's all Trina. She brings the magic out of my hair!"*
